

Maximize your SAP investment and improve performance, productivity, and safety

SAP's FSM tool streamlines processes to improve efficiency and reduce costs. The **only** solution set that natively integrates with SAP, enabling seamless order management through scheduling, dispatching, and execution powered by rule-driven automation.

Why Rizing?

- 1 Rizing is the global SAP expert with hands-on experience implementing SAP FSM with utilities running SAP.
- 2 Rizing's well-defined approach for standalone and full native SAP FSM integrations get you to market up to 60% faster than our competition.
- 3 Rizing offers solutions that cover the entire asset and work management ecosystem, including SAP and Esri GIS integration.

Solution Benefits

Data-driven resource scheduling optimizes dispatching of qualified technicians and proper materials for each job, reducing costs and increasing customer satisfaction.

Improve efficiency, real-time data collection, and decision-making with SAP FSM Mobile and SAP Service Asset Manager.

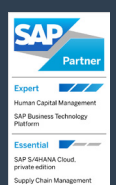

Allows managers to make informed decisions based on real-time visibility of field operations, improving operational excellence.

Advanced dashboards provide powerful analytics for critical planning, scheduling, and dispatching decisions.

Achieve Operational Excellence with Rizing.
